£1,000,000 +	Linked to 3 Month LIBOR	Base Rate Plus 0.10%

Terms and conditions apply. Copies are available on request.

^{*}**Gross** means the variable contractual rate of interest that will be paid to the customers before the deduction of tax on interest. This information is based on our understanding of current law and HM Revenue and Customs practice, both of which may change in the future. The law relating to taxation is liable to change and such changes cannot be foreseen. Interest will be paid gross only where we are satisfied that the depositor is eligible to receive interest without tax taken off. Unless otherwise specified all rates quoted are Gross.

[†]**AER** stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. As every advert for a savings product which quotes an interest rate will contain an AER you will be able to compare more easily what return you can expect over time.
